## DEMOCRACY HOLDS A RALLY AT AIRDOME

A large audience greeted the Democratic candidates, national and state, at the Airdome last evening. Preceding the meeting the band played, little girls ate crackerjack, little boys tooted on horns and barrels were burned on the streets, all provided by the diligent central committee.

H. R. Cooke presided at the meeting and introduced the various candidates in his usual eloquent fashion. Mrs. Solender-Hanby was well received when she rendered the new state song in pleasing voice.

Senator Pittman was the principal speaker of the evening. He discussed national issues for upwards of an hour. The speaker was frequently interrupted by applause.

## GREAT DOINGS IN THE ELKS' HOME SATURDAY

A splendid class of novitiates will have horns stuck on them Saturday evening by Tonopah lodge, No. 1062, B. P. O. Elks. The greater number of the candidates are coming from White Pine county. A portion of the class will get its needings from the degree team of Goldfield lodge. On Saturday evening there will be a cabaret luncheon, just as an introduction to Sunday night's banquet. The Elks have received a lot of new paraphernalia for initiation from the east. From all accounts the Tonopah entered hand will do its best to repeat the splendid entertainment given at Elks some months ago to the visiting Elks.

## NAVAL ACADEMY WINS BALL GAME

(By Associated Press.)

ANNAPOLIS, Md., Oct. 12.—The Naval Academy eleven defeated Maryland State College of Agriculture here yesterday afternoon 14 to 7. That the score was not a 7 to 7 tie was due entirely to the nervousness of the agricultural men in the opening plays. The initial score of the sailors was made only after two fumbles by their opponents.

## ITALIANS CLAIM TO MAKE GOOD GAINS

(By Associated Press.)

ROME, Oct. 12.—The official statement reads:

"On Mount Passubio keen fighting ended successfully for us. During the previous night the enemy made strong counter attacks which were repulsed and at dawn our artillery resumed heavy bombardment of the enemy's lines."

"The infantry then took the whole close network of entrenchment which the enemy had constructed in Cosmagnon, going as far as the crest of Mount Menerle and the lower slopes of Mount Roite. So far, 530 prisoners, including ten officers, have been reported."

"In the Travignelle valley, October 9, the enemy succeeded in breaking into our advanced trenches at some points, but was promptly driven out."

"On the Julian front, our infantry made a determined attack east of Vertebizza and broke the enemy's line between Tobar and Vertelba, capturing 860 prisoners, including 25 officers."

"On the Carso, after the intricate defenses of the enemy had been destroyed by an intense and accurate artillery and trench mortar fire, our infantry captured almost the whole of the line composed of several entrenchments between the Vipacco river and hill 208 and advanced beyond it. Novavilla and the adjoining position around the northern part of 208 also fell into our hands."

"Prisoners to the number of 5034, including 164 officers, have been reported, and also a large quantity of arms and ammunition."

"Albania—On October 9, one of our units from Argyro Castro occupied Pesmeti, on the Voyusa river to the southeast of Klisura, establishing prompt communication with the latter place."

## NO DECISION REACHED

(By Associated Press.)

BERLIN, Oct. 12.—In the reichstag, Major Ernest Bassermann, leader of the National Liberals, read a report saying that the budget committee was unable to reach a decision on the submarine question, but stood 24 to 4 against a discussion of the subject in session.

## PANAMA PACIFIC DEAL FINALLY CONSUMMATED

Although the option has been in force for some time, it was not until this week that the Tonopah Belmont Development company definitely decided to purchase the Panama Pacific group, the deal being consummated through R. J. Highland. The purchase price is not given out, except for the assurance that it is in five figures, payable on the installment plan, with a very substantial first payment.

This property is in two blocks, one 1500 feet east of the Mizpah Extension and the other lying contiguous to the East Union. The owners were Wm. McCarthy, Chris McCarthy, Al Haag, J. E. Peck, Elbert O'Connell and Mrs. Harry McNamara. The estate consists of 280 acres. It lies on the easterly trend of the main vein formation.

## WOOD LATHES COME FOR MANUAL TRAINING

The new wood lathes for the manual training department of the public schools have finally arrived. These are the celebrated Wells under drive lathes from Greenfield, Mass. A number of advanced pupils in the manual training department have signed up for a course in wood turning and the regular class work will begin as soon as the belting, which is being obtained through the Belmont company, arrives. It is hoped that everything will be ready for work the coming week, as lathes, shafting, pulleys and motor are all in place. The work turned out by this department the past year in soft wood was remarkably good for the first year's product. The present year, with hard wood, lathes and power saws, the department promises to show results that cannot be excelled in the state.

## SPARK FROM A PIPE BURNS OLD CHURCH

(By Associated Press.)

SAN FRANCISCO, Oct. 12.—A spark from a tramp's pipe started a blaze and partly destroyed St. Dominic's hall, said to be the oldest structure of the St. Dominic's order in California. It was once a church where in the early fifties and vigilante days a tiny congregation gathered on Sunday to hear mass. The growth of the city left it half deserted until its destruction. A pretentious successor was built after the 1906 fire, when again the walls echoed the priests' "Dominus Vobiscum." Shortly after it again relapsed and was known as the "deserted old church."

## FREE FOR ALL PACING WON IN FOUR HEATS

(By Associated Press.)

LEXINGTON, Ky., Oct. 12.—Single G., with Geers up, won a popular victory in the free for all pace at the Kentucky trotting horse breeders' association meeting here yesterday, but not until four heats had been paced, Ben Earl winning the first half and Hal Boy the second, each 2:01 1/4. Geers brought Single G. from behind in the third and fourth heats and won in 2:03 1/4 and 2:02 1/4 respectively.

## FINED HUNDRED DOLLARS

Mrs. Richard Brooks, who was arrested for running down the little Emovick child in her auto and injuring the youngster, was tried before Justice Dunsenath this morning and found guilty. She was fined \$100. On the stand Mrs. Brooks testified that it was the third time she had driven her car and the first time she had been out in it alone.

## DEATH OF PIONEER

Mrs. J. T. Murphy died Saturday at Berkeley. She was a pioneer of Nevada and leaves many friends here to mourn her loss. She lived at Bodie in the early days, removing from there to Hawthorne and thence to Stockton. She is survived by four daughters, Mrs. Frank S. Cagwin of Sparks, Mrs. R. F. Ahern of Oakland, Mrs. C. W. McGinnis of Crooks Landing, Cal., and Mrs. C. L. Philiber of Berkeley, Cal.

## NO CELEBRATION OF DAY

This is the 424th anniversary of the landing of Christopher Columbus and usually the date is celebrated in Tonopah, particularly by the Knights of Columbus. A member was asked what the program for this evening would be. He said: "We tried hard to get up a program, but it seems to have been a matter of too much politics and prize fights."

## NYE COUNTY PROSPECT WILL BE SHIPPER

J. Scheel, who has been prospecting in this state for a number of years, is in town making purchases of ore sacks. He is about to begin shipment of ore from a find made at Oak Springs in an unorganized district 60 miles north of Indian Springs on the L. V. & T. The property is known as the Lucky Strike group. It is owned by Mr. Scheel, who is superintendent; Dean J. G. Scroggins of the University of Nevada, Mrs. L. S. Bower and Charles Ferguson.

The formation of the district is lime and granite with quartzite and intrusive porphyries. The principal vein is four feet in width and has been opened for a length of 75 feet. It carries from 8.5 to 31.5 per cent copper and a small amount of silver. The ore will be shipped with Title

## KILLS RABID COYOTE NEAR HIS RESIDENCE

Tom Clifford came in from Stone Cabin this morning, bringing with him the carcass of a rabid coyote which he shot last evening while it was prowling around the house. There is no question as to its having been infected. Its jaws were swollen and the skin had dropped from its body in places. It stood still after Mr. Clifford shot at it first, requiring two bullets to bring it to the ground. Two weeks ago he shot another coyote near his house, but the former one did not seem to have the hydrophobia. The head of the wolf will be sent to the University of Nevada for examination.

## POLICY OF JAPAN IS OUTLINED IN BRIEF

(By Associated Press.)

TOKIO, Oct. 12.—Count Seki Teruchi, the new premier of Japan, gives to the Associated Press the following copyrighted exposition of his views and policies:

"Tell the American people that my earnest and constant endeavor shall be to promote the friendly ties which have bound Japan and America for half a century."

"Your people know my administrative record in Korea. Because I am a successful soldier, shall that prevent my being a prudent minister of state? Say it, repeat it, that I come as a statesman who is seeking the lasting interests of my people, not as a militarist seeking glorification by the sword."

The premier disclaimed responsibility for the interview in New York with Baron Sakatani, who was quoted as saying that the repeal of American laws regarded by the Japanese as discriminatory against them, was a matter of "justice and necessity." He declared emphatically that as premier he would undertake no new steps in regard to the so called American problems, including immigration. In this respect, he said, he would follow closely the policies of the outgoing cabinet.

"What will be Japan's policy toward China?" the correspondent asked.

"As the ministry was organized only yesterday, I have not discussed China with any of my associates," he replied. "However, speaking generally, Japan's ambition is to have China benefit, like Japan, from the fruits of world civilization and world progress. The Japanese and Chinese people have sprung from the same stock. Our future destiny is a common destiny that is historically involved."

Though he was unable to dwell on a detailed program, the premier continued, he could affirm that America's interests in China would be harmed in no wise by Japan, which had no intention of violating China's sovereignty or preventing interested nations from having equal opportunities.

"People talk of closing the door," he said. "That is a complete non-sensum."

"So long as Japan's vital interests and dignity are not infringed, Japan will take no aggressive step against any nation, especially America."

"Will the Japanese alliance with Russia be the basis of policy in the Orient?" he was asked.

"Japan, true to her obligations, naturally will be bound in her future policies by her alliances with Great Britain and Russia," he responded; "but that does not imply disregard of fostering amity with others, notably America, whose friendship and co-operation we have every reason to cherish. The empire faces a situation which demands strenuous and unified exertions to secure reforms."

A. H. PETT, general agent for the Tonopah and Goldfield railway, was in town today.

## TONOPAH WILL PLAY GOLDFIELD SATURDAY

The football fans are hoping for good weather for the game at Goldfield on the coming Saturday. This will be the first game of the season for either team in the inter-scholastic league and, naturally, each team is anxious for an opportunity to size up the skill and size of the opposing team. The Tonopah boys have been doing, in the main, conscientious and consistent training under the direction of their coaches, Merrill and Cross, and whether they win or lose they will give a good account of themselves and get the experience they desire for the harder games that are coming to them later in the season. With but three or four exceptions the team is made up of raw material and just what they will do in a grilling game remains to be seen. However, the high school student body is backing the boys to the limit. Cars have been engaged by thirty or more students who will make the trip to Goldfield to boost for their team.

This is not a new district, but was prospected in haphazard fashion a number of years ago. Prof. Spurr reported favorably on it and Dean Scroggins says: "The district opens up a great field for mineral research and scientific demonstration." Considerable prospecting is now being done in the vicinity and some of the best locations are those made by Mrs. Bower, wife of a cattleman in that section.

## MISS MARTIN'S TOUR PROVES GREAT SUCCESS

"All we need to do is to take our message to the women of this state and it brings forth response. When they understand the difficulty and practical impossibility of winning suffrage by amending state constitutions they want to help win the national amendment. When we let them know that President Wilson has said that he is 'unalterably opposed' to this amendment and that he has used his power at every turn to defeat it, numbers of them declare they will vote against the man who denies fundamental justice to women. The Woman's party is gaining every day."

This is the message Miss Anne Martin sends to state headquarters after a week's tour through the state. Miss Martin has held meetings in Las Vegas, Caliente, Panamint, Pioche, Ely and McGill. During the coming week she will speak in Death Valley, Jarvisburg, Tuscarora, Carlin, Eureka, Austin, Battle Mountain and Winnemucca. In every place visited a committee is formed to direct the work of the Woman's party from new until election day.

Nevada women are showing themselves as ready to work for the enfranchisement of other women as they were to work for their own. They have proved themselves to be winners.

## AGAINST DIVORCE EVIL

(By Associated Press.)

ST. LOUIS, Oct. 12.—A church law forbidding clergymen from solemnizing marriage for persons divorced for any cause arising after marriage while one of the divorced persons lives, was recommended in a report by the joint commission on legislative matters relating to holy matrimony, submitted to the triennial convention of the Protestant Episcopal church.

The commission recommended that where it is claimed that a divorce was granted for causes arising before marriage and satisfactory evidence, including a copy of the court's decree and record, were presented, the bishop of the diocese shall have the power to declare such decree, "being in fact a decree of annulment," no bar to the marriage of either party.

The present canon of the church permits a minister to perform a ceremony in case of the marriage of an innocent party to a divorce granted on statutory grounds, providing the clergyman received consent from the bishop. The commission also recommended refusal of the church to bless or solemnize marriage where there was no need, to be followed by permanent exclusion from sacraments. The report must be ratified by the two houses of the convention, the bishops and deputies.

## ANGRY WETS OBJECT TO "PROHIB" SPEECH

(By Associated Press.)

ST. LOUIS, Oct. 12.—Defiant opposition to the arguments of the prohibition national campaigner developed today in eastern Missouri. At Hermann, a wine center, and Washington, both wet towns, Ira Landrith, the vice presidential candidate, was interrupted both by individuals and groups of angry wets. Seemingly almost every man in a crowd of several hundred at Hermann shouted "No" when Landrith asked a group of school children to raise their hands if they wanted a dry state. The children voted almost unanimously. Later, from different parts of the crowd, individuals shouted remarks at the speaker.

"What are you going to do for revenue?" shouted an insistent questioner at Washington.

"Raise more hogs and hell, and you won't need so much revenue," Landrith replied. "When this nation goes dry, we'll have more markets for other things that will produce revenue, too. The old soak who's been feeding his wife cracklings and shorts will feed her bread and ham. The amount we will save in the cost of conducting jails, insane asylums and similar institutions will go a long way towards reducing the amount of revenue required."

J. Frank Hanly, presidential nominee, escaped interrogation. He took up Landrith's economic argument, however, insisting that the nation could be made dry at a profit.

## AUTOISTS ARE SORE

An auto owner called up the Bonanza this afternoon and in an indignant tone inquired why the Democrats had burned barrels on the streets last night, some of them containing bottles and fragments of bottles and each of them depositing about a pound of nails.

The indignant auto owner then asked why the rubbish had not been removed before extensive tire damage had resulted.

Again the Bonanza was compelled to say that it did not know.

## LAID TO REST

The funeral of the late Clayton Meyer took place at 2 o'clock this afternoon from the family residence on St. Patrick street. Many sorrowing friends attended and beautiful floral tributes were placed on the bier. Services were conducted by Rev. E. T. Richmond, pastor of the Methodist church at Goldfield. The interment was in the Tonopah cemetery.

The pallbearers were: Harry Berger, I. F. Davis, George Rumsey, Chas. Roebert, J. E. McMurphy and Frank O. Arthur.

## DARRAGH FOR JUSTICE

Frank P. Darragh is a candidate for justice of the peace of Tonopah township, running independently. There are many things to say in favor of Mr. Darragh, both in the way of popularity and capability. He is a man of family, a resident of Tonopah for the past ten years, during all of which time he has been engaged as an engineer for the Tonopah Mining company. He has been studying law for the past five years and, if elected, he will bring ability as well as integrity to the task. He says that he will devote all his time to the duties of the office and will hear and decide cases without bias.
